

## Two Pumpkin Seeds

One day I found two pumpkin seeds.  
I planted one and pulled the weeds.  
It sprouted roots and a long green vine.  
A pumpkin grew. I called it mine.  
My pumpkin was quite round and fat.  
I really am quite proud of that.  
But there is something I'll admit  
That has me worried just a bit.  
I ate the other seed, you see.  
Now will it grow inside of me?
